## READY FOR THE A. & M. TRAIN

IS DUE TO ARRIVE AT ADA TOMORROW MORNING AT 10:30. MANY THINGS OF INTEREST ON EXHIBITION.

Tomorrow at 10:30 the special train from the A. & M. college will reach Ada via the Katy. It is impossible for all the citizens of the state to visit the college and learn of the scientific methods employed there but by means of these trains, which are run free of cost by the railroads, some of the best features of the work being done by the college are brought to the very doors of a majority of the citizens of the state.

In view of the fact that the poultry raising industry is assuming such large proportions in Oklahoma, the train is of special importance at this time. The exhibits will be strong and the lectures worth any man's time to hear.

Then the matter of pure seed is something that cannot be lightly passed over. During the past few years successful farmers have learned that there is as much in the selection of pure seed as in selecting only the best stock for breeding purposes. A country school teacher in one of the northern states was the first to demonstrate the increased yields that could be obtained through careful selection of seed, and today he is drawing a salary of \$10,000 per year for simply selecting and breeding up first class seed corn for one of the big western farms. What he has done can be done by any one else on a smaller scale. All that is required is some of the information that may be obtained from the lecturers who accompany the train.

No one, either from the county or from the town, should miss this opportunity. There is something in it that will interest all.

### Can't Tell His Sons Apart.

Fort Worth, Tex.—John Cobb Harris, a wealthy Mansfield farmer, came to Fort Worth to make a new will, because he was unable to tell his twin sons apart. The will he destroyed gave John Harris certain property and Cobb the other twin, other realty, but Harris had divided his property just opposite to his own desires.

Harris' sons are 22 years of age, and among the most remarkable twins in the country. Both are 6 feet 6 inches tall and muscular. With their hats on their father cannot tell one from the other, but John is a little more bald than his brother. The twins keep a common bank account and always speak of our money, our horse, and even our girl, as they frequently play a joke on their sweethearts by exchanging them.

### Shot Himself to Collect Insurance.

Chickasha, Ok., Jan. 31.—Alleging that Edward G. Owen, the Chickasha man who was shot November 14, 1910, and died November 16, shot himself only with intention to wound that he might collect accident insurance is a substance of a motion of the Western Insurance company for a new trial in the case of John B. Sparks, administrator, against the company. Judgment was recently secured in the district court for \$5,000, the full amount of the policy.

The motion is accompanied by an affidavit of Dr. T. H. East of Chickasha, who alleges that Owen had conferred with him on two occasions before the accident, apparently seeking information as to the less vulnerable points of the human body. On another occasion, the doctor states in the affidavit, Owen actually confessed that he proposed to shoot himself in the leg, have the injured member amputated and seek to recover on about \$30,000 of insurance carried by him.

Dr. East insists that on one occasion he told Owen that he was either drunk or crazy. Owen insisted that he was not and went so far as to designate the exact spot where he proposed to shoot. East told him that he would bleed to death before medical assistance could arrive. He stated that he might put it off for a time, but he had determined to sacrifice a leg for money and asked the physician to leave the stamp sufficiently long to use an artificial leg.

## SOUTH COMING INTO ITS OWN

Washington, D. C., Jan. 31.—The nation's official colony, esconced in beautiful Washington, just inside of the edge of the Southland, is a sort of storm center for the big movement to develop to the fullest extent the agricultural, manufacturing and commercial advantages of that chosen land 'neath Mason and Dixon's line. Horace Greeley was a great booster for the west; then came the Empire builders, as well as those energetic schemers who created towns overnight. All these have something yet to learn from the systematic plans of southerners, and thousands have enlisted for "a greater nation through a greater south." The South, dear people, has awakened, and things down there in this year 1912 are going with a bang and a bang. With a climate that grows things ten out of every twelve months, the rest of the development proposition seems to be up to individuals, and they are now trying to catch up with what nature started down there in the making of the country. On the same great plantations where cotton was king, the easy going Southern Colonels once rode like Lords over their broad acres, there have been surveys of soil and endless scientific investigations in agriculture. Men like Doctor Seaman A. Knapp, who had heeded the advice to "go west, young man," and afterwards obeyed the hunch to investigate the south, demonstrated that rice, tomatoes, etc., were the source of riches in Louisiana, and that the dreaded boll weevil could be effectually kishashed. Now it is asserted positively that everything that grows in America, from peanuts, corn, grain grasses to fruits, can be successfully cultivated in the Southland, where lands are cheap and the sun shines the year round. The Southern railway starts at the national capital, and makes a net-work of the entire south and from the general offices in Washington whole organizations of "Empire Builders" are carrying the south's message to the crowded east, as well as into the land where still reigns the "spirit of the west." The alluring call of the Sunny South gives a welcome to the invaders in commercial, industrial and manufacturing development, and Memphis, Birmingham, and a few other cities, have sprung into the foreground in a manner that would make even the marvelous growth of the west look to their laurels. The south makes its greatest claims in having homes for all.

During the good weather that has prevailed during the past ten days, there has been a noticeable decrease in the crowds coming to town. The farmers say the ground was never in better condition and they are not losing any opportunity to keep the plows going.

## The Nurse Knows What the Baby Needs

We have all kinds of food for the baby as well as syrups, back bandages, etc. Our Horlick's Malted Milk is the best on the market and after one trial you will use no other. Remember, if it is to be found in a drug store, we have it. Phone No. 6.

### CARTER WANTS GOVERNOR JOHNSTON'S SALARY PAID

Washington, D. C., Jan. 31.—Congressman Carter has offered an amendment in the sub-committee of the house Indian committee, to the Indian appropriation bill, which provides for the payment of the salary of Gov. Douglas H. Johnston of the Chickasaw nation up to July 1, 1912, and that thereafter no funds of the Five Civilized Tribes shall be paid out without a specific appropriation by congress. This would have the effect of holding up the salaries of the tribal officials as well as the accredited legal representatives of the tribe, both in Oklahoma and in Washington.

Are you leaving town and want to sell your household goods? Call me up. Phone 486, L. E. Miller, 206 W. Main. 248-tf

Bert Hahn, who did considerable concrete construction work in Ada, has been awarded the contract for putting down several blocks of asphalt paving in Hugo.

### HENNESSY WILL ADDRESS SOUTHERN COM. CONGRESS

Washington, D. C., Jan. 31.—Hon. Benj. Hennessy, secretary of the Oklahoma State Board of Agriculture today notified the Southern Commercial Congress, that he will address the Fourth Annual Convention, at Nashville, in April. He will prepare for the volume of proceedings a statistical comparison of the agricultural conditions of Oklahoma in 1900 and 1910, and in a brief address give the views of the progressive men of Oklahoma regarding "Oklahoma's Agricultural

Future. His Statistics and speech will come in the division of the program. The South's Agricultural Recovery, and will be associated with similar papers and speeches from each of the Southern States.

### NOTICE

I have just now received the anti-septic for meningitis and a permanent and guaranteed cure for catarrh in any form. This remedy is a sure shot. Call at the Fisher Hotel, old court house stand at corner of Main and Townsend. O. B. FISHER. 252-tf

Life is not given man to waste;  
No hour from sun to sun  
But has within its forehead placed  
A jewel to be smoothed and chased,  
Some duty to be done.

—Nixon Waterman.

We deem it OUR duty to act in the capacity of conscientious Druggists. We consider it incumbent upon us to fill your prescriptions "just as the Doctor orders," and to vary in no respect whatever. We know that we should recommend no Medicinal Preparation for your use concerning which we know nothing, and consequently you can rest assured that we honestly believe in whatever we may suggest. Acting upon these principles, we solicit your business; we ask to fill your prescriptions, and you and your honorable Physician can be the judges.

OFFICE:—REAR FIRST NATIONAL BANK BUILDING

**A Commercial College For Ada**

PROF. J. A. LEMON, President

In this afternoon's issue, we are glad to announce that Prof. J. A. Lemon of Sulphur, Okla., president of the Sulphur Commercial College whose picture appears above, is here to complete the plans for the organization of a first-class commercial college.

Prof. Lemon was here several days ago at the request of several citizens and business men of Ada, looking over the situation as above mentioned.

Prof. Lemon believes there is no question but what a safe and permanent institution can be established in our midst. He is now ready to begin the organization, and has established an office and headquarters in the office of R. E. Blanks, secretary Chamber of Commerce, where he may be found, or information may be had. Literature distributed, etc. Those who may be interested are requested to

meet Prof. Lemon, get acquainted, and let him talk matters over with you. Ada needs such an institution and her people are ever ready to respond to the call to establish institutions of learning. Let the people rally to the aid of Prof. Lemon in the establishment of this much needed enterprise.

Prof. Lemon comes to us with the very strongest endorsements from his home people, comprising citizens, bankers, lawyers, pastors of churches and from the students of the Sulphur Commercial College in which he is now president. He asks that investigation be made and co-operation be extended him that many more people may be brought to our city, besides preparing young people for this particular walk in life.

S. M. Torbett, L. T. Walters, R. E. Haynes, G. M. Ramsey, C. W. Briles, Frank Jones, O. E. Parker, R. W. Simpson, R. E. Blanks, E. W. Hardin, A. K. Thornton.

**ACTUAL STARVATION**  
Facts About Indigestion and Its Relief That Should Interest You.

Although indigestion and dyspepsia are so prevalent, most people do not thoroughly understand their cause and cure. There is no reason why most people should not eat anything they desire—if they will only chew it carefully and thoroughly. Many actually starve themselves into sickness through fear of eating every good-looking, good-smelling, and good-tasting food, because it does not agree with them.

The best thing to do is to fit yourself to digest any good food.

We believe we can relieve dyspepsia. We are so confident of this fact that we guarantee and promise to supply the medicine free of all cost to every one who will use it, who is not perfectly satisfied with the results which it produces. We exact no promises, and put no one under any obligation whatever. Surely nothing could be fairer. We are located right here and our reputation should be sufficient assurance of the genuineness of our offer.

We want every one troubled with indigestion or dyspepsia in any form to come to our store and buy a box of Rexall Dyspepsia Tablets. Take them home and give them a reasonable trial, according to directions. Then, if not satisfied, come to us and get your money back. They are very pleasant to take; they aid to soothe the irritable stomach, to strengthen and invigorate the digestive organs, and to promote a healthy and natural bowel action, thus leading to perfect and healthy digestion and assimilation.

A 25c package of Rexall Dyspepsia Tablets furnishes 15 days' treatment. In ordinary cases, this is sufficient to produce a cure. In more chronic cases, a longer treatment, of course, is necessary, and depends upon the severity of the trouble. For such cases, we have two larger sizes which sell for 50c and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store—Gwin & Mays Drug Co.

**Where Coins Were Made.**

Coins made at the Philadelphia mint have no mark, but those struck at the other United States mints have one or more letters upon them to distinguish them from those made at Philadelphia, which for many years was the only mint.

These letters, which are very small capitals, are found upon the new design double eagle and the Lincoln head cent, upon which they are on the obverse.

The only mints now in operation in this country are those at Philadelphia, San Francisco and Denver, the others having been discontinued.

Coins struck at the Philadelphia mint have no mint marks, those struck at all other mints of the United States are distinguished by a small letter near the bottom. These letters are: C. for Charlotte, N. C., discontinued in 1861; CC for Carson City, Nev., discontinued in 1893; D for Dahlonega, Ga., discontinued in 1861, and for Denver, Colo., discontinued since 1906; O for New Orleans, La., discontinued in 1910, and S for San Francisco.—St. Nicholas.

**Attention!**

There will be a business meeting of importance of the Eastern Star Chapter Thursday evening, Feb. 1. A full attendance is requested. 255-12

**MEMORIAL TO DR. KNAPP.**

Committees Appointed to Secure Funds for Memorial to Great Southern Farm Leader.

A sixty day campaign has been inaugurated to secure funds for a suitable memorial to that great friend of our Southern farmers, Dr. Seaman A. Knapp, organizer and director of the Farmers Co-operative Demonstration Work of the United States Department of Agriculture.

No other man in the history of the South probably ever did as much as Dr. Knapp to interest farmers in better methods of farming and diversification of crops and to get them out of their slavery to cotton. The demonstration work and the corn club work, developed under his fostering care, for the first time brought our people to see that the South is itself in the corn belt, and that there is no reason in nature why our farmers should be dependent upon a single crop.

We are glad to know that the campaign for raising funds in this county has now begun. A special committee has been appointed and several local collectors are now at work, a handsomely engraved picture of Dr. Knapp and some of his sayings being given each contributor, even if the amount be only a dime.

Every farmer in the county should give something to perpetuate the memory of this great man.

### Cold, Stormy Weather

have no terrors for the man who has a plentiful supply of our celebrated coal on hand. It is a great satisfaction to know that the wife and children at home are comfortable when the cold wintry winds are blowing. A word to the wise. Order your coal now. In calm weather prepare for the storm.

Remember if you get 1500 lbs. of lump coal and 500 lbs. of slack for a ton you have really only 1500 lbs. of coal as the slack is worthless to you. We would not let you have slack if you wanted it as we need it for our boilers, so be sure and get our prices before you buy.

ADA ICE AND FUEL CO.  
Phone No. 29.

All kinds of blank books, ledgers, ash books and day books at Holley's Drug Store. 229-tf

Don't forget that the Poultry and Pure seed train will visit Ada February 1.

The Majestic program for this evening promises to be one of the best it has ever given. Read its ad in another column and judge for yourself.

Always got all kinds of paint at lowest prices at Dr. Holley's Drug Store. 229-tf

R. J. Ross received a telegram this morning stating that his mother had died suddenly at Corsicana, Tex. She has enjoyed the best of health, and her death came without warning. Mr. Ross left this morning for Corsicana.

Highest prices paid for second hand goods. L. E. Miller, 206 W. Main. Phone 486. 248-tf

"The Parting of the Ways," the Rex picture show at the DeSota last night was something above the ordinary. The picture features Miss Lois Weber and Mr. Phillip Smalley, two stars. Notice their ad in this issue.

John R. Wayne formerly of Ardmore but now of Oklahoma City, is in town looking for a house preparatory to moving to Ada. Mr. Wayne is a hustling traveling man, who represents the Fall City Clothing Co. in this territory and will be a welcome addition to the colony of traveling men now located here. Mr. Wayne was a well known member of the second legislature, his name appearing in connection with much important legislation enacted at that time.

Pontotoc county can now boast of having more statesmen within its borders than almost any other in the state, for any man who has a legislative record behind him is entitled to be classed as a statesman, is he not? Well, there is H. M. Butler of Allen, Frank Huddleston, E. S. Ratliff, S. G. Ashby, J. P. Crawford and R. M. Roddie, and now when John R. Wayne locates in Ada, the tribe will be substantially increased. Perhaps, too, there may be others whose names we have overlooked.

## WHAT SAVED HER LIFE

### Mrs. Martin Tells About a Painful Experience that Might Have Ended Seriously.

Riversville, W. Va.—Mrs. Dora Martin, in a letter from Riversville, writes: "For three years, I suffered with womanly troubles, and had pains in my back and side. I was nervous and could not sleep at night.

The doctor could not help me. He said I would have to be operated on before I could get better. I thought I would try using Cardui.

Now, I am entirely well. I am sure Cardui saved my life. I will never be without Cardui in my home. I recommend it to my friends."

For fifty years, Cardui has been relieving pain and distress caused by womanly trouble. It will surely help you. It goes to the spot—reaches the trouble—relieves the symptoms, and drives away the cause.

If you suffer from any symptoms of womanly trouble, take Cardui. Your druggist sells and recommends it. Get a bottle from him today.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

### Patrons' Club.

The Patrons' Club of the High school will have an open meeting Thursday evening February the First at 7:30.

## BROTHERHOOD HOLDS A GOOD MEETING

That interest in the Brotherhood of the Christian church recently organized by Rev. Leroy Anderson, is growing rapidly, was shown last evening by the largely increased number that attended the regular meeting and the thoroughness with which those on the program had prepared their parts. The program was carried out as announced in yesterday's News with the exception that Rev. Anderson took the place of Prof. M. L. Perkins, who was unable to be present because of illness, and that Prof. J. Frank Lilly also delivered a short address. Miss Mary Kate Baker favored the audience with a reading.

After the most excellent program had been carried out the ladies sprung a surprise on the brethren by appearing on the scene with a liberal supply of hot coffee and doughnuts with which to make the social hour still more pleasant.

**Man's Rights.**  
That man who has applied for a divorce because his wife kicks over the pot of hot water he uses when he is scrubbing the kitchen floor will have the sympathy of the public. She interferes unwarrantably with his rights as a husband and as a man.

Half dozen New Gasoline Irons to be disposed of at once at cost. At the O. K. Meat Market. 2t\*

### Notice of Stockholders Meeting.

Notice is hereby given that the regular semi-annual meeting of the stockholders and directors of the News Publishing and Printing Co. will be held at the office of the company at Ada Tuesday, February 6, 1912, at 5 o'clock p. m.

A. B. YEAGER,  
Secretary.

January 31, 1912.

### R. V. B. Sweatt Passed Away.

Mr. R. V. B. Sweatt, father of J. W. Sweatt of Ada, and Mesdames Nash and Francis of Oklahoma City, died yesterday at Waxahachie, Texas. Mr. Sweatt has been a frequent visitor to Ada and is well known to a large circle of friends. He was a pioneer of Ellis county, Tex., and always stood high in the estimation of those who knew him. His son G. C. Sweatt served two terms as sheriff of that county and is at present tax collector. Ada people will miss the kindly old man who has been a familiar figure on the streets in times past, and all join in extending sympathy and condolence to his surviving children both here and in Texas.

### Ada Nursery.

The Ada Nursery is putting a yard just west of the postoffice, where you can get anything in the fruit and shade trees, shrubbery and roses at a very low price. Keep your money at home. I have come to stay and will give you your money's worth. d-3t w-1t C. W. ZORN, Prop.

### Newkirk Wins County Seat.

Oklahoma City, Ok., Jan. 30.—In an opinion delivered by Justice Hayes of the supreme court, Newkirk was declared to be the county seat of Kay county, sustaining the report of the referee.

Newkirk was named by the constitutional convention and shortly after statehood Blackwell started a campaign to capture the honors. The case has been in court for nearly four years.

### IMPORTANCE OF HEALTHY KIDNEYS

Ada Readers Should Learn to Keep the Kidneys Well.

The kidneys have a big work to do. All the blood in the body is coursing through the kidneys constantly to be freed of poisonous matter. It is a heavy enough task when the kidneys are well, but a cold, chill, fever, or some thoughtless exposure is likely to irritate, inflame and congest the work.

Then the aching begins, and is usually accompanied by some irregularity of the urine—too frequent passages, sediment or retention. Thousands testify to the wonderful merit of Doan's Kidney Pills, a remedy for the kidneys only, that has been used in kidney troubles 75 years. You will make no mistake in following this Ada citizen's advice.

J. W. Bowling, 112 Broadway, Ada, Oklahoma, says: "I found the use of Doan's Kidney Pills very beneficial when my kidneys were weak and I had a backache. I willingly recommend this remedy to any one having backache or kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

### Church Litigation in Tennessee.

Nashville, Tenn., Jan. 31.—In an opinion handed down by the supreme court Saturday, Judge Grafton Green dissenting, it is held that possession of the Grace Cumberland Presbyterian church of Nashville, goes to the loyalists in the church controversy. This decision is based on a former opinion of the supreme court in the case of Landrith vs. Hudgins, which the present court holds to be sound law in Tennessee.

# YOUNG MOTHERS

is woman's safest reliance; it is a medicine for external use, composed of oils and other ingredients which assist nature in all necessary physical changes of the system. Its regular use before the coming of baby prepares the muscles and tendons for the unusual strain, aids in expanding the skin and flesh fibres, and strengthens all the membranes and tissues. Mother's Friend lessens the pain and danger at the crisis, and leaves the mother in such healthful condition that her recovery is always rapid and natural. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers. **BRADFELD REGULATOR CO.,** Atlanta, Ga.

# MOTHER'S FRIEND

The greatest crisis in a woman's life is when first she becomes a mother. All the physical strength of her nature is demanded at such times, and it is necessary that her system be thoroughly prepared for the event, in order that her health be preserved for future years. Mother's Friend

as a nominee as Wilson. I expressly stated that no man could be found to take his place as speaker, and that it was as important to have a man like Clark, with progressive views, who would be in harmony with the president as speaker as it would to nominate and elect the right kind of president.

"I did not then state that I was a candidate for congress. In the first place I would not run in a district, and it is generally believed that the state will be re-districted before next August, in which event there will be no officials to elect from the state at large. Therefore, I have given that subject but little attention."

## Child of Charley Coleman Dead.

About 3 o'clock this morning Boyd, the ten-months-old son of Mr. and Mrs. Charley Coleman, who live on 5th street, died from pneumonia. The child had suffered for about a week when the end came, and the best attention that could be given him could not save his life. The bereaved parents have the sympathy of a large circle of friends.

## Clark a Real Democrat.

The practical elimination of Woodrow Wilson from the race for the democratic nomination for president has caused many of the former governor's adherents to look about for a candidate who has all of Wilson's qualifications and none of his faults. In the Speaker of the House of Representatives—Champ Clark—the democratic party has such a candidate. Starting at the foot of the ladder, Clark by his ability and persistency in fighting the battles of the people has risen to the highest honor at present in the gift of his party—the leadership of the House of Representatives. During all this time he has been a model of party regularity, sticking to the principles of democracy through victory and defeat. Being a progressive, without being a radical the legitimate business men will realize that with him in the White House there will be nothing for them to fear, while the people, from among whom he came, will feel assured that their rights as citizens will be respected.—EX.

## PERRY WORKING OVERTIME FOR ROOSEVELT'S NOMINATION

Coalgate, Okla., Jan. 31.—The Roosevelt propaganda was launched here Tuesday, when Ed Perry and his cohorts subsidized the largest printing establishment in the county to put on a double shift and work overtime to print envelopes, circulars and postal cards, exploiting the "Roosevelt statewide movement, Ed Perry, temporary chairman, with headquarters at the Skirvin hotel, Oklahoma City."

A corps of typewriters and stenographers were busy all day receiving dictations and transmitting correspondence and a large force of girls and young men were employed in directing the letters and other matter to the faithful throughout the state.

In the circular letter Mr. Perry calls for a convention of the adherents of Roosevelt to be held in Oklahoma City on February 10, and suggests that the proposed Roosevelt clubs be divided into groups of twenty-five with officers at the head of each group, thereby enabling headquarters to keep in touch with the local clubs.

Ever since the celebrated Coalgate convention patriots from all over the state have been dropping in between trains to interview the "dynamite statesman" and receive their code of procedure, and his telegrams and letters have taxed the telegraph and postal service to their fullest capacity. In fact, if this city was to be Perry's permanent headquarters, the postmaster's salary would be increased by \$500 a year.

Representatives of the federal officers have approached the explosive politician with offers of wagers on the result of the Oklahoma convention, and he and his friends have seen and called their hands.

Mr. Perry said that he would be at his headquarters at the Skirvin hotel Thursday and would at once begin to make "heap big medicine."

## Well Trained Horses.

Speaking of well trained teams, W. J. Allen, the transfer man, claims to have one that is probably ahead of anything in the county. The span consists of a black and a gray and is driven to one of the busses. A few nights ago the midnight Hustler being reported late, the driver left the team and bus in front of the Harris hotel while he went in and took a short nap. About the usual time of arrival of the train a whistle blew and the team at once made a bee line for the Frisco depot, and cut the bus around and backed it to its usual place at the platform. A man who happened to be there said that the black seemed to have the better idea of how it should be done, and when the gray failed to turn properly, he gave him a savage bite on the mane, pushing him into place. At all events when the driver waked up and started out to hunt his team, he found the rig waiting for the train. Mr. Allen says this team keeps close tab on the time of arrival of the trains, never making any attempt to head for the barn until the last one is in, then making straight for the stalls.

On the modern household. The up-to-date housewife no longer finds the household duties a drudgery. She has electricity installed in her home. The house is heated, she cooks, bakes, operates her sewing machine, her washing machine and does her ironing—all by electricity. It saves health and strength and prolongs life. It is quick, reliable and convenient. The housewife who would like to learn how to lighten her labors should call at our office. We will be glad to explain more fully.
